imageFORMULA R10 PORTABLE DOCUMENT SCANNER

The Canon imageFORMULA R10 portable document scanner is simple to set up and easy to use anywhere. Convert paper documents to searchable digital files with ease using the built-in software to get—and stay—organized.

SIMPLE TO SET UP AND USE

The imageFORMULA R10 scanner is very convenient. Simply connect your Windows® or Mac® computer using the supplied USB cable. The built-in scanning software starts automatically, allowing you to begin scanning immediately. With its convenient and portable design, you can take the R10 scanner anywhere you need to eliminate paper … home, work, classrooms, or anywhere in between. And there is no need to worry about carrying a separate power source, as the scanner gets its power from the connected computer.

GREAT IMAGING, INTUITIVE SOFTWARE, POWERFUL RESULTS

All imageFORMULA scanners leverage the same technology used in Canon's camera products, producing high-quality scanned images. The R10 scanner has built-in CaptureOnTouch Lite software, so there is no need to install anything onto your computer. CaptureOnTouch Lite allows you to save your scanned images as searchable PDF files, JPG files, and more. And the software will automatically update to the most recent version to ensure that you have the latest features. You can scan various types of media in colour at up to 12 pages per minute. These include paper sizes from letter to legal, receipts, business cards, and even embossed plastic cards. Both sides of a document scan at the same time, eliminating the need to rotate and re-feed documents, and the automatic feeder will hold up to 20 items.

ENVIRONMENT IN MIND

The imageFORMULA R10 scanner meets ENERGY STAR® guidelines for energy efficiency. Its packing materials include recyclable paper and biodegradable plastic, and it also uses less power than any other scanner model in this class.

PEACE OF MIND THROUGH SUPERB CUSTOMER CARE

The imageFORMULA R10 scanner comes backed by a one-year limited warranty for advanced exchange service. In the unlikely event your device does need a covered repair, Canon will send a replacement scanner in advance of receiving the device that needs repair to help minimize any downtime. Canon offers extended warranty options as well, so that your scanner can be covered by the same warranty beyond the initial one-year period. Additionally, Canon's customer service is 100% U.S.-based, so you can quickly reach a technical support representative if you need assistance.

Type:	Mobile Scanner
Document Feeding:	Automatic or Manual
Document Size	
Width:	2" to 8.5"
Length:	2.8" to 14"
Long Document Mode:	N/A
Document Weight:	17 - 34 lb. Bond
Feeder Capacity:	Up to 20 Sheets
Light Source:	RGB LED
Scanning Element:	One-line Contact Image Sensor (CIS)
Optical Resolution:	600 dpi
Output Resolution:	150/200/300/400/600 dpi
Grayscale:	8-bit
Colour:	24-bit
Scanning Modes:	Colour, Grayscale, Black and White

Scanning Speeds*	Simplex	Duplex
B/W, Grayscale	Up to 12 ppm	Up to 14 ipm
Colour	Up to 9 ppm	Up to 10 ipm

Interface:	USB
Weight:	2.20 lb.
Dimensions (H x W x D):	1.57" x 11.22" x 3.74" (Trays Closed)
Power Consumption:	2.5W or Less (Energy Saving Mode: 1.5W)
Suggested Daily Volume:**	500 Scans

Bundled Software:	Built-in CaptureOnTouch Lite Scanning Software
Supported OS:	Windows 8.1 (32-bit/64-bit), Windows 10 (32-bit/64-bit), Mac OS 10.13, Mac OS 10.14, Mac OS 10.15
Other Features:	Built-in Plug and Scan Technology, Auto-Page Size Detection, Auto Resolution Setting, Background Smoothing, Character Emphasis, Colour Dropout/Enhance Colour, Deskew, Double-Feed Detection, Edge Emphasis, Image Rotation, Moiré Reduction, Pre-Scan, Prevent Bleed-Through/Remove Background, Skip Blank Page, Text Enhancement, Text Orientation Recognition, Three-Dimensional Colour Correction
Item Number:	4861C001
Harmonized Code:	8471608000
UPC Code:	013803338522

* Examples based on typical settings, rated in pages/images per minute with letter-sized documents at 200 dpi, landscape feeding direction. Actual speeds may vary based on computer performance and application software.

** Calculations based on scanning speed and typical daily time of use.

NOTE: This product is not intended for scanning photographs on photo paper/photographic media.
